HIGHWAY SAFETY COATS - - - DAY and NIGHT PROTECTION

Here is a coat that gives Day and Night protection for men who are called to Direct Traffic after accidents ... for Wrecker service personnel and for Highway Patrol officers who need protection for their expensive wool uniforms while aiding the public.

This bright orange coat will not fade and will stand up under vigorous wear. Its made of heavy cotton twill, and can be lettered in any colored embroidery on the back. Write for a sample swatch of this material, or a sample coat if you desire.

Your regular emblems can be attached to the front or we will make you special emblems.

Coat sizes 36 to 46 - Lot no. 1109 - \$7.25

WHITE ARMY TWILL UNIFORM SHIRT..... \$3.60
LOT 22A (Give Neck and Sleeve Length)

This uniform shirt is made different from the ordinary work shirt. Upon examination you will be pleased with the construction. It is reinforced and bartacked at all points of strain to stand the gaff. The sturdy 6 oz. Army Twill material is Sanforized so that it will not shrink and Vat Dyed so that it will hold its color after countless washings. Our shirts are cut in sleeve lengths so that every man gets a perfect fit. The buttons are strong and durable and won't come off. Two front pockets with buttoned pocket flap and a pencil section make this a utility shirt in every respect. The long tail will not pull out when you bend over. It is rugged and durable, and is constructed to pay off in long wear and appearance.

WHITE ARMY TWILL SPORT SHIRT (SHORT SLEEVE)\$3.35
LOT 26A (Neck Size)

This sport shirt is made with a two way collar so that it can be worn with a tie or open at the neck. The same Army Twill material is used and the same reinforced construction is built into the sport model. The shirt tail is long for comfort. Every feature is built into the garment for appearance, long wear and neatness on the job.

WHITE POPLIN SPORT SHIRT (SHORT SLEEVE)\$2.50
LOT 26 (Give Neck Size)

This shirt is a very light weight garment but wears like iron. Sanforized and vat dyed, with short sleeves and 2-Way collar.

WHITE ARMY TWILL UNIFORM JACKET\$5.95
LOT 23 (Give Chest Size)

Here is an Army Twill jacket that is made of the same material as the uniform pant. It is extremely neat on the job and tough, too, just the thing for warmth and appearance. The comfort is a big surprise to anyone not familiar with the **INDUSTRIAL UNIFORM JACKET**. Naturally the jacket is Sanforized and Vat Dyed. It is reinforced and bartacked at all points of strain and has a full length zipper front, adjustable waistband, two roomy patch pockets with button down flaps and full cut sleeves with neat adjustable cuffs.

WHITE ARMY TWILL UNIFORM PANT\$4.50
LOT 21A (Give Waist and In-seam size)

This heavy Army Twill uniform pant is made to take the heavy work and strain encountered in the motor service field. It is reinforced and bartacked at all points of strain. The 8.5 oz. Army Twill pant is made with a heavy zipper fly. The pockets are made of heavy drill for durability. The entire pant including the waistband is Sanforized for comfort, fit and appearance. The material is Vat Dyed and its color stays. This uniform pant is made with the finest features found in dress pants, yet it is constructed quite differently than dress pants to give you freedom as well as strength in every seam.

FULL BLEACHED WHITE COVERALLS.....\$6.90
LOT 12 (Give Chest, Height and Weight)

WHITE WITH NAVY BLUE TRIM COVERALLS \$7.25
LOT 13 (Give Chest, Height and Weight)

The Coverall is comfortable. It will not bind or draw because it is made with a Free Action Back that allows the perfect freedom of movement. The material is the finest Twill herringbone. Sanforized and Vat Dyed so that it will not shrink or fade. All points of stress are reinforced and bartacked. The buttons are rust proof and will not come off. The garment is constructed with an in-set belt for appearance and comfort.

FULL BLEACHED WHITE SHOPCOAT.....\$6.50
LOT 120 (Chest Size)

WHITE WITH NAVY BLUE TRIM SHOPCOAT\$6.60
LOT 130 (Chest Size)

In addition to a shop coat looking neat and business like, it is a real clothing saver. Pit coats (shopcoats) are made of the same material as the coverall. They are constructed for heavy duty wear. A full belt with a buckle is made into the coat and the buttons are rust proof.

POSTMAN BLUE COVERALL _____ \$7.60

LOT 11 (Give Chest, Height and Weight)

The Coverall is comfortable. It will not bind or draw because it is made with a Free Action Back that allows the perfect freedom of movement. The material is the finest Twill herringbone. Sanforized and Vat Dyed so that it will not shrink or fade. All points of stress are reinforced and bartacked. The buttons are rust proof and will not come off. The garment is constructed with an in-set belt for appearance and comfort.

POSTMAN BLUE SHOPCOAT _____ \$6.90

LOT 110 (Chest Size)

In addition to a shop coat looking neat and business like, it is a real clothing saver. Pit coats (shopcoats) are made of the same material as the coverall. They are constructed for heavy duty wear. A full belt with a buckle is made into the coat and the buttons are rust proof.

BLACK ARMY TWILL UNIFORM SHIRT\$3.75
 Lot 118 (Give Neck and Sleeve Length)

This uniform shirt is made different from the ordinary work shirt. Upon examination you will be pleased with the construction. It is reinforced and bartacked at all points of strain to stand the gaff. The sturdy 6 oz. Army Twill material is Sanforized so that it will not shrink and Vat Dyed so that it will hold its color after countless washings. Our shirts are cut in sleeve lengths so that every man gets a perfect fit. The buttons are strong and durable and won't come off. Two front pockets with buttoned pocket flap and a pencil section make this a utility shirt in every respect. The long tail will not pull out when you bend over. It is rugged and durable, and is constructed to pay off in long wear and appearance.

YEAR-ROUND FABRIC

CREASE RETENTION Creases stay in even in wet or humid weather because 'Dacron' has the wonderful ability to stay creased once it is pressed. Helps a uniform keep its shape, too. When uniforms made with IRON MAN are hung up overnight, they shed most of their wrinkles and look refreshed by morning.

ABRASION RESISTANCE Longer wear for a uniform means extra economy. IRON MAN provides it through the abrasion resistance of 'Dacron'. Sleeves, trouser cuffs, collars, knees, elbows, and seats last longer because 'Dacron' is tougher than most other fibers.

RESISTS BATTERY ACID Yes, Iron Man really resists battery acid. 'Dacron' keeps a uniform on duty in spite of accidental spills. Laboratory tests, confirmed by years of actual use, have established the resistance of 'Dacron' to battery acid.

SLACKTATORS

*the shoe that's as
comfortable as a slipper*

Women throughout the country have become well acquainted with the Wellco FOAMTREAD brand through the advertisements they've seen in LIFE, Parents' Magazine, Good Housekeeping, and in the newspapers. The Slacktator is currently being featured in LIFE.

Once a woman has enjoyed the comfort of this remarkable shoe she invariably keeps on re-ordering it. It is the only shoe that provides the bouyant Foamtread comfort, a built-in arch cushion and a laced construction that permits the shoe to conform immediately to the individual shape of the foot. No "break-in" is ever needed.
